

Temporary Research Associate-1 project position available

Project

Expanding the repertoire of cellular functions of Mixed Lineage Leukemia protein

Profile

An immediate Research Associate-1 (postdoctoral) position funded by DBT India Alliance/Wellcome Trust is available in Shweta Tyagi's laboratory of Cell Cycle Regulation on purely temporary basis.

Interested candidates should contact directly Dr. Shweta Tyagi (shweta@cdfd.org.in) with a CV; brief description of past PhD/ other research projects, technical skills, publications and contact information of three referees.

Salary

INR 47000/- plus HRA (if applicable)

Essential qualifications:

Ph.D. in molecular biology, cell biology, biotechnology or relevant scientific discipline.

Desirable Qualifications:

Preference will be given to candidates with research experience in protein production, protein pull-down and co-immunoprecipitation techniques. Practical knowledge of immunofluorescence analysis and confocal microscopy will be a plus.
